

Faculty of Pharmaceutical Sciences
& CAMPUS Asia

The 1st Japan-Korea Joint Symposium on Pharmaceutical Researches in Okayama 2013

Faculty of Pharmaceutical Sciences
Okayama University (OU)

School of Pharmacy
Sungkyunkwan University (SKKU)

----- PROGRAM -----

Chair: Prof. Yuji Kurosaki

14:30-14:40 Welcome Address Dean Prof. Yoshinori Moriyama, OU

Chairs: Prof. Hiroyuki Miyachi and Prof. Daisuke Sawada

14:40-15:55 Oral Session 1 (10 min +5 min Q&A)

1. Molecular imaging technology on the research of pharmaceutical sciences, Prof. Shuichi Enomoto, OU
2. Recent progress in C-H activation and C-C bond formation, Assoc. Prof. In Su Kim, SKKU
3. Toward molecular understanding of sensory systems by structural biology, Prof. Atsuko Yamashita, OU
4. Structure-based virtual screening of chemical database to discover novel ligands for various biomacromolecules, Prof. Hyun-Ju Park, SKKU
5. Network dysfunction by Amyloid β oligomers, Assoc. Prof. Tsuyoshi Inoue, OU

Chairs: Prof. Shin-ichi Miyoshi and Prof. Kazutaka Higaki

15:55-16:55 Oral Session 2 (10 min +5 min Q&A)

6. Host-pathogen interaction during host invasion of *pneumococcus*, Prof. Dong-Kwon Rhee, SKKU
7. A novel antimicrobial agent from *Nuphar japonicum* against methicillin resistant *Staphylococcus aureus*, Assoc. Prof. Teruo Kuroda, OU
8. Organic-inorganic hybrid nanoparticles for siRNA delivery, Assoc. Prof. Ji Hoon Jeong, SKKU
9. Mast Cell: A critical regulator of inflammation, Prof. Satoshi Tanaka, OU

Chair: Prof. Mitsunobu Kano

16:55-17:25 General Discussion

17:25-17:30 Closing Remark Prof. Dong-Kwon Rhee, SKKU

Dec. 12 (Thur), 2013 14:30-17:30

Venue: Lecture Room (Dai-Kougishitsu)

Faculty of Pharmaceutical Sciences, Okayama University
